

Lochmere Highlands *Ad Hoc* Traffic Committee

March 6, 2023

To: Lochmere Board of Directors

From: Ken Litowsky, Chair
Loch Highlands *Ad Hoc* Traffic Committee

Installation of the traffic calming devices is complete. Over the next several months, the Town of Cary will collect data on vehicle speed and traffic volume. In approximately one year, they will issue a report showing the collected data, their analysis and their conclusions concerning the effectiveness of the devices. Based on the report, changes may be made to the traffic calming plan.

The Town staff will continue to work with the ad hoc traffic committee. If you have questions about the project, please send an email to: lochmeretraffic@gmail.com.

The Town has posted a survey on its website to collect feedback. The survey is open to residents of the Highlands. Because Loch Highlands Drive is a Connector Street, the survey also will be open to others. In addition to posting the survey on the Town's website, they will be putting signs along Loch Highlands Drive.

To access the survey, go to:

<https://www.publicinput.com/B4071>

Scroll all the way to the bottom of the page and click **Continue**.

For history about our project, visit the Town's Traffic Calming website:

<https://www.carync.gov/services-publications/traffic/traffic-calming>

If the Board has any questions, please let us know.

Respectfully submitted,

Ken Litowsky
